Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent listing 28 references to be considered by the Examiner. References 20-28 are office actions, responses and notices of allowance for related U.S. Patent No. 7,306,598. Applicant understands that the Examiner has access to sophisticated online Patent Office computing systems that provide ready access to, for example, specification and drawing publications, pending claims and complete file histories, including, for example, cited art, office actions, responses, and notices of allowance and, therefore, is not including copies of references 20-28. If the Examiner cannot readily access these file histories, the Applicant would be pleased to provide these references at any time upon specific Examiner request.
